PROFESSIONAL SUMMARY

Dedicated fresh graduate with strong written and verbal English communication skills, proven ability to collaborate effectively in team environments, and a track record of managing multiple tasks with accuracy and attention to detail. Quick learner, comfortable working independently and adapting to new systems and processes, with a technical background that strengthens problem-solving and analytical skills.

EDUCATION

Mindanao State University - Iligan Institute of TechnologyAugust 2021 - July 2026

Bachelor of Science in Computer EngineeringIligan City

Relevant Coursework: Technical Writing, Project Management, Human-Computer Interaction, Systems Analysis and Design

WORK EXPERIENCE

Alliance Software Inc.June 2025 - July 2025

Web Developer (Intern)Business Park, Cebu City

- Collaborated with a 4-member team to deliver a full-stack platform, coordinating tasks and communicating progress to ensure project milestones were met
- Implemented user authentication and profile management features, enabling secure login and personalized user data handling.
- Participated in both client-side (React components, UI logic) and server-side (Node.js API endpoints) development, gaining comprehensive full-stack experience.
- Documented system interactions and updates, ensuring compliance with project requirements and improved knowledge sharing among team members.

ACADEMIC PROJECTS

- Recycle-Eye:** AI-Powered Waste Segregation System (*Team Leader*)
- Flood Guard:** Smart Water Detection for Smart Cities
- Level Flow:** API-Based Approach to Precision Liquid Level Regulation (*Team Leader*)
- Eleksayon:** A Streamlined Android Solution for MSU-IIT College of Engineering Elections

SKILLS

Core Competencies: Customer-Focused Communication, Active Listening, Problem Resolution, Multi-tasking, Data Accuracy & Documentation, Team Collaboration, Adaptability, Time Management

Technical: Python, C/C++, Java, MySQL, PostgreSQL, Supabase, Artificial Intelligence (Machine Learning, Computer Vision, Edge-AI), Microcontroller & Circuit Design, Verilog HDL

Tools & Platforms: Microsoft Office (Word, Excel, PowerPoint, Outlook), Google Workspace (Docs, Sheets, Slides, Calendar), Canva, LaTeX, Adobe Premiere Pro, AutoCAD, Fusion 360

LANGUAGES

English: Professional Working Proficiency (5/5)

Tagalog: Fluent (4/5)

Cebuano: Native Proficiency (5/5)
